CREATING A CHANNEL
IN MEDIASITE

Channels are a great way to organize videos, especially if they need organized by topic or by class. Mediasite allows you to create channels and move videos into the channels. To create a channel:

1. Navigate to **My Mediasite** on the course navigation pane.
2. Click **Browse Channels** in the left sidebar.

3. Click **+Add Channel** in top right.

4. Enter a Channel Name, Description, Images, and Friendly name if desired.
5. Under Channel Functionality, enter the appropriate settings.
6. Click Create Channel in the top or bottom right.
